AT FINNS BEACH CLUB

Built from sustainable bamboo material, Finns Beach Club is a one-stop beach getaway supported by relaxing facilities that include the comfort of single and double day beds on a white sandy beach and a stunning 30-meter infinity edge pool with swim-up bar and underwater speakers. An open-air bamboo pavilion dining area provides a casual yet classy setting for meals. Two bars and a sunset lounge on the second level are further venues where one can chill out and relax over Cinemascope ocean views.

Dining here is not to be missed and a good way to start is with the club's quinoa bowl; a mix of fresh goodness consisting of shredded chicken, roasted pumpkin, beetroot edamame, grilled haloumi, pickled ginger, water spinach, kale pesto, cashews, spring onions and more. For the main course, catch of the day is the obvious choice. This freshest catch from the markets is well prepared and served with fennel salad and polenta cheese. Wrap up this dining experience with the Berawa smoothie's bowl for a chilling cooler, made from frozen acai and topped with banana, strawberry, dragon fruit, homemade granola and a glaze of honey.

“There is something quite remarkable about the breathtaking beachfront aspects of Canggu from the Finns Beach club. This is because as wonderful as the views are, one is just as overwhelmed by the serene luxury that the club invites visitors to relax in while facing the famed Berawa Beach from a shore side lounge.
